

T'CON

MARCH 24-26
1978

WELCOME ABOARD!

This is your Captain speaking ...

I hope you'll enjoy your stay. You'll be cruising for approximately two solar days aboard T'Kuht's finest starship -- in fact, T'Kuht's *only* starship.

The T'Kuhtian Clipper was built by Starfleet and given to T'Kuht as a gift in gratitude when the Federation was granted the rights to build a base on that planet when Vulcan, our sister planet, refused.

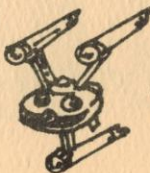

Our course is set from Sol III round trip to T'Kuht. We hope the entertainments and recreational facilities on board will be sufficiently stimulating. The Clipper was designed to be accessible to all Federation members who are native to Class M planets, so I hope all of you, humanoids and non-humanoids alike, will be comfortable.

We will not be responsible for anyone leaving the ship, via shuttle or airlock, until the trip is completed. Any such venturing into space along the way is at your own risk.

In a moment, your stewardess will explain emergency space suits and point out the location of the escape pods.

Have a good trip.

What they're saying about **Menagerie**:

What a piece of work is MEN;
How noble in reason!
--Shakespeare

One MEN in a thousand.
--Kipling

Treasure...vintage...product...phthisozoic...
--Roget's Thesaurus

You're nothing but a pack of cards!
--Carroll

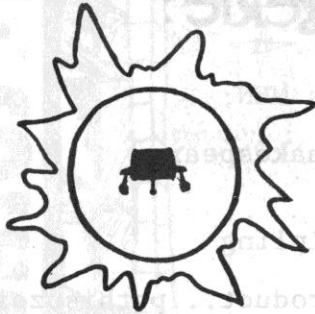

Boy, if you can't believe Kipling, who can you believe? I ask you. MENAGERIE, winner of absolutely no awards, not even cited in the International Pillsbury Doughboy Bake-offs, is a trekzine. MENAGERIE is the trekzine with a proven track record of respiratory arrest, two cases of nausea, and investigation under the Mann Act. Add 65¢ if you're ordering through the mail; issues in print are numbers 6, 9, 10, 11, 12, 13, and maybe even 14 by the time this ad sees ink; the price is one dollah.

Notonlythatbut, we also got The Klingon Empire Appointment Calendar (\$1 + 50¢), The New York and Chicago Strektacular Report (\$1 + 40¢), Gayle Feyrer's INTERPHASE Calendar Illo Book (75¢ + 50¢), The Capture Coloring Book (\$1.50 + 50¢), The Man From U.N.C.L.E. Book (\$3 + \$1), and Kelly Freas color prints of the ST bridge crew (set of seven \$3 + 50¢).

AUGUST AUGUST

REGISTRATION: (LIMITED TO 500)

\$ 5 - until July 10
\$ 6 - after July 11

THERE WILL PROBABLY BE NO AT THE DOOR REGISTRATION

Please send your money in advance as the convention hotel costs a lot more than the university facilities did in the past. And then there's printing costs...don't ask.

PROGRAMMING:

There will be two program rooms this year (a big one and a small one). Panels and films will run in each as interest dictates. In plain english that means the more popular programming will run in the bigger room (it would be silly the other way around).

Early plans include panels on pornography, K/S, is fandom dying, and filksong writing as well as the regulars on writing, editing, art, and costuming. Suggestions are always appreciated.

In addition there will be an improvisation session, where we will set up ST or SF related situations and have fans act them out.

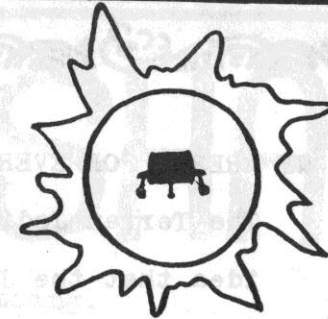

Of course, we'll have the latest on the Star Trek film, series, or whatever from the best source of all, our annual phone call to Gene.

The AUGUST PARTY costume call is gaining a reputation for some of the best costumes around. Although we don't get the quantity of some of the larger cons, who needs a dozen Luke Skywalkers anyway? And it has always been the policy of the AUGUST PARTY to have people who know something about costumes judging the costume call, so the best made and most creative costumes win, and not always the naked women.

The (a bad drum roll please) second annual Gong Show will again feature the worst talent fandom has to offer, and you'd better offer it. After all, this year we have to top someone gargling the Star Trek theme. Work up your act, talent is not necessary, as a matter of fact, it may hurt.

And, the usual filksings, parties, discussions and a scavenger hunt.

BUT - There will be no Disco Trek, no Anniversary Ball, no Vulcan Santa Claus and no Miss Galaxy Beauty Pageant...aint that too bad.

PARTY 4, 5 & 6

DEALERS:

In spite of a small dealers' room (and it's smaller this year), the AUGUST PARTY has a reputation for having more fanzines on sale than any other con around. We do this by keeping the prices low for fans, and soaking the pros, who can afford it.

\$ 10 - fanzines

\$ 25 - pros

We are going to keep careful track of which is which. Fan rates are only for those selling fanzines and possibly a small amount of other merchandise.

ART SHOW:

No hanging fee, and there'll be an auction as well as a contest. Bring your stuff and share it with us.

FILMS:

The film schedule isn't locked in yet (it's early) but we know it includes a bunch of episodes, the bloopers, and SF films from Flash Gordon to Bambi Meets Godzilla. If you've got anything, let us know.

ROOMS:

Okay folks, now we need those rooms filled or it costs us a bunch more to get the programming rooms, and that money will have to come from somewhere else. So get those reservations in. We have two entire floors of the hotel blocked, and more if we need it, but it's important that you get your reservations in early. When you send your membership, you'll get a reservation card. But, for your information:

Singles - \$26
Doubles or Twins - \$30
Triples - \$32
Quads - \$36

All rooms have two double beds.

The Terran Jedi Enclaves are based in the idea that the Jedi Knights, "as portrayed in STAR WARS, are a spiritual/philosophical oriented group, whose members measure up to specific standards.

Presently, there are three U.S. Enclaves (with more to follow) whose members accept the Jedi Creed; enjoy meeting and/or corresponding about Star Wars; and who have expressed a desire to help establish the Jedi Knights as a reality on this planet.
